ABOUT US

A BRIEF STORY ABOUT THE UNIVERSITY

Sri Satya Sai Campus, Sehore came into existence in year 1999 with Sri Satya Sai Institute of Science & Technology (SSSIST). SSSIST initially had three branches in engineering education with total intake of 180.

In 2012, because of the vision of promoters, the Sehore Campus was operating twelve Colleges, having twenty undergraduate courses & twenty Postgraduate courses, one post-graduate Diploma course & one Diploma course, with total intake of 3054 students. Sri Satya Sai Group of Institutions attracts large number of students from faraway places & States, due to quality of education at affordable cost, without any hidden fees policy. In its history of fourteen years, various Institutions under umbrella of Sri Satya Sai Group of Institutions were the only Institutes in Sehore & nearby six districts offering Technical education at affordable fees to worthy & needy students belonging to more than six thousand villages, 34 Tehsils.

Majority of population is agriculture dependent & percentage of population living at low standard of living is 80.6. Growth rate recorded recently is 21.5%.

BRINGING IDEAS AND INNOVATION
TO LIFE THROUGH TECHNOLOGY

VISION

" To emerge as World's one of the finest Universities in the field of Higher, Technical and Medical Education to develop Professionals who are Technically competent, ethically sensitive and environment friendly, for the betterment of society."

MISSION

"Accomplish stimulating learning environment for students through quality teaching, research and outreach activity by providing state of the art facilities, industry exposure and guidance of dedicated faculty."

CORE VALUES

- **DISCIPLINE:** It is the practice of training people to obey rules or a code of behaviour, using punishment to correct disobedience.
- **PUNCTUALITY OR RESPECT FOR TIME:** We promote punctuality and Time Management among Stake Holders.
- **FREEDOM OF THOUGHT AND EXPRESSION:** We believe that Freedom of Thought and Expression is necessary, as without this overall development of individual cannot be completed.
- **HONESTY AND INTEGRITY:** We are committed to practices that are fair, honest and objective in dealing with students, faculty members, staff and stake holders at all levels of Institution.
- **QUALITY EXCELLENCE:** We promote Excellence in whatever constructive and productive work / activity Students /Faculties do.
- **ACCOUNTABILITY AND TRANSPARENCY:** We believe in having complete transparency at all levels of hierarchy to promote a healthier working atmosphere to all. We believe in Accountability for and Transparency in, all my deeds and actions.
- **PERSEVERANCE:** We encourage Perseverance in doing something despite difficulty or delay in achieving success.
- **ENCOURAGEMENT:** Encouragement is provided for critical and quantitative thinking, effective communication, ethical decision making and social obligation in our students.
- **SOCIAL RESPONSIBILITY:** We are focused on promoting the sense of social responsibilities in students by involving them in various social activities that gives them a broader perspective of understanding the causes and possible solutions related to various social issues.

Chancellor Message

Greetings and warm regards,

Young & Dynamic Chancellor of Sri Satya Sai University of Technology & Medical Sciences Honourable Mr. Siddharth Kapoor holds Degree in Family Management Business Administration (FMBA) from SP Jain, Mumbai. He also did his Masters of Business Administration (Finance) Degree from Temple University, Fox School of Business, Philadelphia after completing PA Bachelor of Business Administration (Finance) from Temple University, Fox School of Business, Philadelphia, PA.

Mr. Kapoor is associated with Largest Educational Group of Central India from last 14 years & is also Project head - Radio Popcorn. He has Led Analysis, design and Development of FM Station & is actively associated with total Diagnosis Private. Ltd., Bhopal, (India) from last 14 years.

Mr. Kapoor is analyst of the Financial Management and Accountancy System. He is member of Ascend (SPO), an Association for Finance and Accounting Majors, Member & SOS Village Society, one of India's largest Society for orphans. He has qualified and Won State level Swimming and Football competition.

Honouable Governor of Madhya Pradesh Shri Ram Naresh Yadav has approved appointment of Shri Sidharth Kapoor as Chancellor of the University & under his guidance, the University will fulfil dreams & aspirations of young generation.

Mr. Siddharth Kapoor
Chancellor, SSSUTMS

Vice Chancellor Message

Greetings and warm regards,

Since its founding in 2013 by merging of several multi-disciplinary institutions, Sri Satya Sai University of Technology and Medical Sciences Sehore, Bhopal (MP) is acclaimed for its outstanding contribution to teaching, research and service in Nation building. Today, the University stands to meet the enormous aspirations and expectations of society. Society wants us to nurture professionals and scholars of high caliber, who can offer solutions to a broad range of issues. This requires excellence in teaching and research at par with the best in the world.

We, at Sri Satya Sai University of Technology and Medical Sciences, continuously aspire to be a breeding ground for positive ideas and emerge as a symbol of openness of thoughts, cultural pluralism and celebrating the unity in the diversity of India. We endeavour to touch the lives of every student by inculcating prudence, efficiency, creativity and compassion to work for the betterment of the marginalized sections of society. We attempt to kindle their sense of responsibility, honesty, conscience, justice and above all commitment to human values.

We aim to expand our reach to the inaccessible regions through virtual presence and become a center of knowledge osmosis. We seek to empower every inquisitive soul with the best available human resources. We intend to intensify our endeavors to mobilize more resources and create conducive ambience for our faculty, students and staff to actualize their potential.

Best Wishes

Dr Mukesh Tiwari

Vice Chancellor, SSSUTMS

Registrar Message

Greetings and warm regards,

Dr. Hemant Kumar Sharma, Professor in the department of Pharmacy of Sri Satya Sai University of Technology and Medical Sciences, Sehore is erudite professor, motivational teacher, eminent researcher and excellent institute builder with a dream to use science and technology for better community life.

The SSSUTMS has a Research and Development cell with an objective to promote research activities among the faculty members to achieve academic excellence. In our endeavor to make our system effective and sensitive to the requirements of all the stake holders, we undertake collaboration with the industry to foster engineering /Pharmacy/ Science/ medical research which is an integral part of quality education.

Dr. Hemant Kumar Sharma

Registrar, SSSUTMS

ENGINEERING & TECHNOLOGY

ABOUT

About the School of Engineering

All courses of Engineering approved by All India Council for Technical Education (AICTE). Engineering at SSSUTMS stands as a flagship institution and a leader in India. Dedicated to excellence, the School consistently achieves its mission of developing highly skilled professionals equipped to address the dynamic needs of evolving industries nationwide. It offers comprehensive education across Undergraduate, Postgraduate, and Doctoral research levels, with a strong emphasis on quality and innovation.

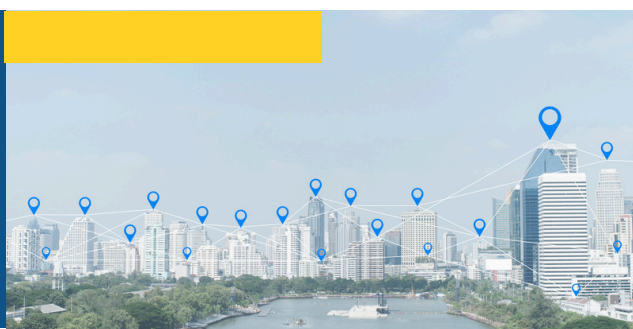

The School boasts state-of-the-art laboratories, multimedia-enabled classrooms, and a vast repository of books, journals, and magazines housed in its Central Library, providing students with extensive learning resources. Committed to an innovative teaching-learning approach, the curriculum is meticulously crafted by experts from IITs and other leading universities, in collaboration with professionals from industry and research organizations. This ensures a robust, industry-relevant education that empowers students for future challenges.

VISION

We dedicate and commit ourselves to achieve, sustain and foster unmatched excellence in Technical Education. To this end, we will pursue continuous development of infrastructure and enhance state-of-the-art Equipment to provide our students a technologically up-to-date and intellectually inspiring environment of learning, research creativity, innovation and professional activity and inculcate in them ethical and moral values.

MISSION

To emerge as a "Centre for Excellence" offering Technical Education and Research Opportunities of very high standards to students, develop the total personality of the individual, and in still high levels of discipline and strive to set global standards, making our students technologically superior and ethically strong, who in turn shall contribute to the advancement of society and humankind.

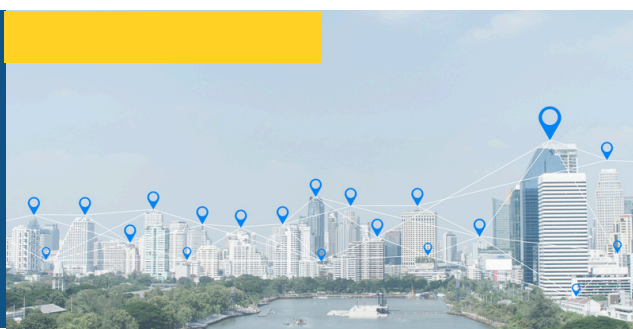

MESSAGE FROM DEAN, SCHOOL OF ENGINEERING

Prof. (Dr.) Rajendra Singh Kushwah
Dean, School of Engineering

The School of Engineering at Sri Satya Sai University of Technology and Medical Sciences is a distinguished institution committed to producing highly skilled engineering professionals across a wide array of cutting-edge technologies. These include disciplines such as Computer Science, Mechanical, Civil, Electrical, Electrical and Electronics, Electronics and Instrumentation, Chemical, Aeronautical, Mining, Information Technology, and Electronics & Communication Engineering.

The School offers a range of programs at undergraduate, postgraduate, and doctoral levels, with a strong focus on cultivating engineering leaders who can effectively apply their knowledge to drive industrial growth and innovation. Guided by a vision to contribute to societal advancement, the School prioritizes excellence in education, research, and human resource development. By attracting top-tier faculty and students, it strives to create a vibrant academic and research ecosystem that fosters innovation, collaboration, and impactful contributions to the global engineering landscape.

PHARMACY

ABOUT

About the Pharmacy

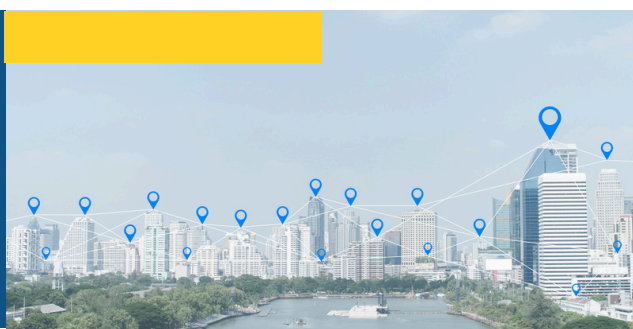

The Pharmacy is constituent unit of Sri Satya Sai University of Technology & Medical Sciences, Sehore. The Institute has been instrumental in developing high quality pharmacists and researchers, in a learner-centered academic and professional environment to serve the ever growing healthcare needs of society. Pharmacists are healthcare professionals who are experts in medicines, with a detailed understanding of the scientific basis of therapy. The B.Pharm, M.Pharm programme integrate pharmaceutical science into the practice of clinical pharmacy. The Faculty of Pharmacy offers the opportunity to become a confident and competent healthcare professional with patient safety and wellbeing as primary concern. Pharmacy has excellent laboratories with best in class equipment's as per the norms of Pharmacy Council of India (PCI), New Delhi. Students are provided the best quality education through traditional and modern teaching methods. National Seminars, Workshops and Industrial visits are conducted in the college at regular intervals which enable the students to gain new updated knowledge. Most of our graduates are placed in the best pharmaceutical companies all over India

VISION

"To prepare tomorrow's leaders through innovative teaching, research and clinical practices that translate scientific discoveries into new treatments and models of care to improve both health and quality of life."

MISSION

"To develop pharmacists, educators and scientists whose leadership, knowledge and innovation, improve the health of our communities."

MESSAGE FROM PRINCIPAL, COLLEGE OF PHARMACY

Dr C K Tyagi

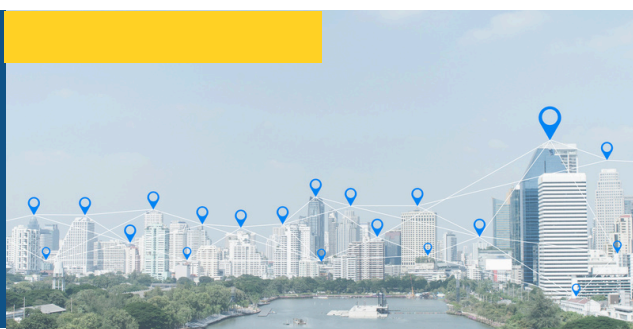

Principal, College of Pharmacy

Welcome to the Faculty of Pharmacy at SSSUTMS! As Dean, it is an honour to greet you at this esteemed institution dedicated to excellence in pharmaceutical education. Pharmacy is a vital and evolving field that significantly impacts healthcare, and we are committed to equipping you with the knowledge and skills to thrive in this dynamic industry.

Our comprehensive curriculum covers key areas such as medicinal chemistry, pharmacology, pharmaceutics, and pharmaceutical analysis. With modern laboratories, a vast library, and experienced faculty, we ensure a perfect blend of theory and hands-on learning. Collaborations with leading pharmaceutical companies and hospitals provide real-world exposure through internships and research opportunities.

At SSSUTMS, we foster an inclusive and innovative environment that encourages critical thinking, ethical practice, and patient-centred care. Together, let us embark on a journey to shape a brighter, healthier future for all.

SCHOOL OF LAW

ABOUT

About the School of Law

The School of Law at SSSUTMS, established in 2016, stands as a premier institution in the field of legal education, dedicated to preparing students for a dynamic and fulfilling career in the noble profession of law.

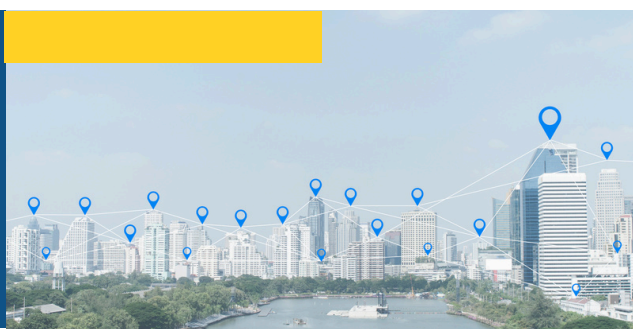

The School of Law at SSSUTMS is proud of its robust infrastructure, which includes an extensive library housing a wide range of national and international journals and periodicals. To enhance practical skills, the institution employs simulated courtroom sessions. Beyond traditional classroom teaching, students engage in seminars, workshops, moot courts, and case study methods. The curriculum is enriched by extensive interaction with esteemed judges, advocates, law officers, and other legal luminaries, providing invaluable insights and practical exposure to the legal profession.

VISION

School of Law is dedicated to achieve excellence in educating professionals, serving the public and fostering Justice. We aspire to prepare lawyers to serve their clients, the judicial system and the public with a high level of accomplishment and a commitment to the highest ideals of the Legal Profession. We strive to provide students with a well-rounded Legal Education.

MISSION

- To advance and disseminate knowledge of Law and to inculcate strong research attitude in the students with a view to ensure its proper role in National Development.
- To prepare lawyers of tomorrow for handling legal issues not only restricted to the national boundaries but globally as well, by developing legal skills in core areas such as Business Laws, Intellectual Property Rights, Cyber Laws and Trade Laws.
- To increase Legal awareness in the community and further the cause of social justice by providing Legal aid to the sections of the society
- To develop in students and research scholars a sense of responsibility to serve the society by developing skills in advocacy, Judicial and other Legal Services.

MESSAGE FROM DEAN, SCHOOL OF LAW

Dr. Amrita Soni
Dean, School of Law

It is with immense pride and privilege that I welcome you to the School of Law at Sri Satya Sai University of Technology & Medical Sciences (SSSUTMS), Sehore, Madhya Pradesh. As a beacon of knowledge and a crucible for cultivating legal acumen, our institution stands committed to shaping the future of legal education and practice in India and beyond.

The field of law is not merely an academic discipline; it is a cornerstone of civilization. Law governs societies, ensures justice, and upholds the sanctity of human rights. In today's ever-evolving global landscape, where challenges such as technological advancements, climate change, and socio-economic disparities demand nuanced legal interpretations, the role of legal professionals has become more pivotal than ever. At the School of Law, our mission is to empower students to meet these challenges head-on with competence, integrity, and innovation.

SCHOOL OF HOMEOPATHY

ABOUT

About the School of Homeopathy

Homoeopathy is a dynamic, holistic, scientific and philosophical system of constitutional medicine & individualistic drug therapeutics, based on the law of similars, with the potentiality of cure in cases that are curable and relieves symptoms in incurable cases.

Dr. Samuel Hahnemann The therapeutic system of Homoeopathy was developed by SAMUEL HAHNEMANN, a German Physician (1755-1843)-more than 200 years ago, is still valid & most widespread in Indian Sub-continent. Effectiveness in many challenging problems is the only reason of its existence today.

This system is based on the principle of 'Similia Similibus Curentur'-Law of similars, which means - Let like be treated by likes. It signifies a system of treatment in which the prescription is based on the similarity of symptoms of the patient, to those of a drug as obtained during proving of the drug on healthy human beings. If one or two symptoms of a patient are similar to a particular drug without covering the totality at the same time, the drug cannot cure the patient but relieves temporally, being unable to remove the root cause of disease.

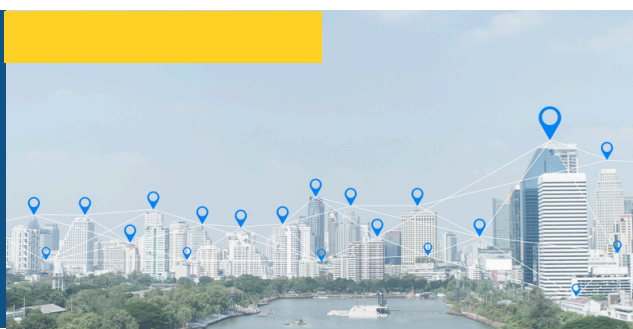

Similarity of the totality of symptoms includes the similarity of constitution, modalities, fundamental, exciting & maintaining causes as well. It does not mean the similarity of drug with a nosological disease condition. During drug proving there are no nosological states, but states prior to them. In materia medica there is only, the picture of the beginning of disease conditions & not the gross Pathological diseases, mentioned in the practice of medicine or pathology. If remedies are directed towards the ultimate of disease-gross pathological changes, it will not have desired effects.

VISION

School of Law is dedicated to achieve excellence in educating professionals, serving the public and fostering Justice. We aspire to prepare lawyers to serve their clients, the judicial system and the public with a high level of accomplishment and a commitment to the highest ideals of the Legal Profession. We strive to provide students with a well-rounded Legal Education.

MISSION

- To advance and disseminate knowledge of Law and to inculcate strong research attitude in the students with a view to ensure its proper role in National Development.

MESSAGE FROM DEAN, SCHOOL OF HOMEOPATHY

Prof. (Dr.) Umesh Pandey
Dean, School of Homeopathy

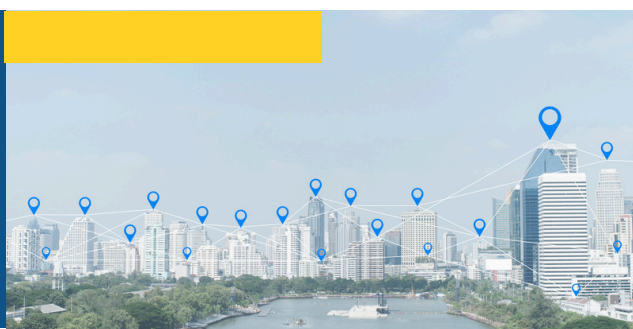

Choosing where to continue your education is a major decision in homoeopathy field and I believe that School of Homoeopathy, Sri Satya Sai University of Technology and Medical Sciences, Sehore will be choice you will not regret especially if you are ambitious and determined.

The greatness or worth of any institution is not judged by its building or infrastructure but by its teachers, their wisdom; students and their character. School of homoeopathy, Sehore is a premier institute imparting homoeopathy education through English medium. The college was established in 2016 with the prime objective of grooming a candidate in such a manner that apart from getting the insights of homoeopathy become a responsible & upright citizen of the country.

We provide holistic in medical education where students evolve as individuals who are self-motivated and creative, who can think, question, reason out logically, who are independent, confident & leaders capable of taking decisions in medical field.

The learned faculty members not only teach regular subjects in class but also update the students on a regular basis through discussions, seminars, continue free medical camp, checkup, awareness of epidemic and endemic disease with personal hygiene & health, continue medical education programs, workshops etc. I have a dream where in our college and our students are rated the best in the country in terms of their social responsibility, humility, academic brilliance and above all their Indian-ness in this global and competitive world.

I extend a warm welcome to the students and wish them the very best for a bright future

School of Hotel Management to improve standard value based education in highly disciplined and healthy environment.

SCHOOL OF AGRICULTURE

ABOUT

Agriculture in India is a critical sector for food security, sustainable development, and poverty alleviation, employing a majority of the population. To empower rural youth with skills and knowledge in farming, Shri Satya Sai University of Technology and Medical Sciences established its School of Agriculture in July 2015. This school, managed by eminent academics, aims to create a future-ready workforce skilled in advanced agricultural technologies to address the agrarian economy's demands.

The school offers a B.Sc. (Hons) Agriculture program with an intake of 120 students, following ICAR's 5th Dean's Committee guidelines. With a blend of experienced faculty and energetic educators, it focuses on academic excellence, personality development, and preparation for competitive exams. The school bridges the gap between traditional farming practices and modern innovations, enhancing GDP contribution and farmers' living standards. Despite being relatively young, its alumni excel as officers, entrepreneurs, and progressive farmers, marking its growing impact.

VISION

"To develop excellent and world class managers, professionals for food industries world over."

MISSION

"To develop professionals at different levels possessing hospitality skills, operational exposure and strategic out comes for dealing with Food Industries. "

MESSAGE FROM DEAN, SCHOOL OF AGRICULTURE

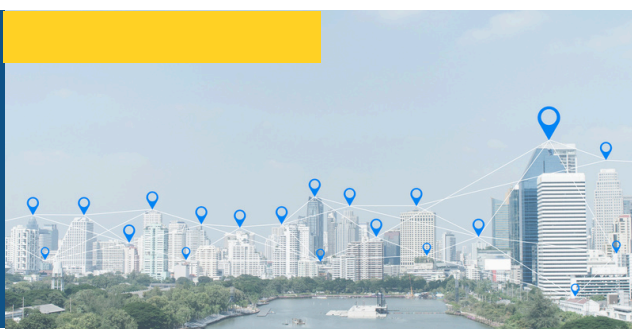

Dr. Vikek Tomar
Dean, School of Agriculture

Agriculture in India is the pivotal sector for ensuring food and nutritional security, sustainable development, and alleviation of poverty. It is the key sector for generating employment opportunities for most of the population. The empowering rural youth with the adequate skill, training and making them aware of the realities of farming so that they can bring about a revolution in agriculture. With this aim Shri Satya Sai University of Technology and Medical Sciences laid the foundation of this School of Agriculture in July, 2015. In Agriculture education and research, we are dedicated to integrating modern tools such as artificial intelligence, remote sensing, and IoT into agricultural studies, in alignment with the National Education Policy (NEP) 2020. Encouraging impactful research, patents, and transferring technology to farmers and other stakeholders remain our core objectives.

A robust training and placement program will prepare our students for competitive exams, entrepreneurship, and diverse career opportunities, ensuring their employability and success. To undertake high quality education, strategic research, and extension activities for enhancing agricultural productivity and sustainability under systems approach, resources conservation, involving entire set of stakeholders on the value chain and quality of rural livelihood.

The collective efforts of our scientific staff, administrative personnel, technical employees, and students will be instrumental in developing a culture of excellence, mutual respect, and accountability. Together, we aim to establish School of Agriculture as a global leader in agricultural education, research, and extension, while addressing the pressing needs of Madhya Pradesh agriculture and its people.

FACULTY OF EDUCATION

ABOUT

The program equips teacher candidates with both traditional teaching skills and contemporary technological tools, particularly emphasized during the “pandemic years,” to ensure effective knowledge transfer in today’s dynamic educational landscape.

Teacher education at SSSUTMS goes beyond skill acquisition, fostering cultural integrity, self-realization, and pedagogical excellence. The advanced curriculum includes both theoretical and applied research, addressing the emerging demands of school education and modern teaching methodologies.

Our highly qualified and experienced faculty mentor students in mastering advanced curricula while encouraging involvement in community service activities, such as functional literacy programs, computer training, and socially relevant projects. These initiatives aim to extend the educational mission to serve humanity.

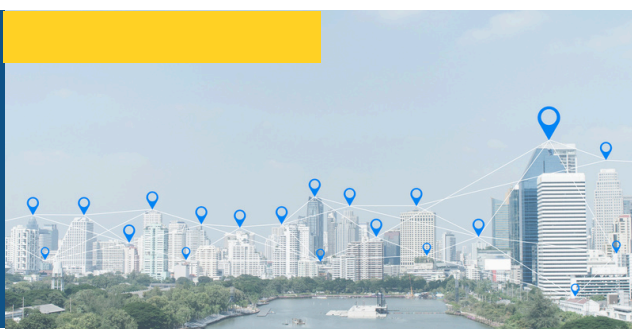

The School emphasizes practical experience through a four-month intensive internship, providing hands-on exposure to real-world teaching. Graduates are successfully placed in government and private international schools, as well as the education industry as content developers.

VISION

“Development of creative, human and progressive teachers acting as catalysts for social change through a distinctive teacher education program which is embedded with value and professionalism in its approach”

MISSION

- 1.To prepare teachers excelling in teaching and research methodology.
- 2.To foster skills and attitude for teachers to discharge their duties and functions in such a way as to provide significant inputs in school education.
- 3.To prepare teachers to fully utilize potentialities of information technology and communication methodology”.

MESSAGE FROM DEAN, FACULTY OF EDUCATION

Dr. Kanchan Shrivastava
Dean, Faculty of Education

It is with immense pleasure and a deep sense of gratitude that I address you all through this message from the Dean of Faculty of education desk of the Sri Satya Sai University of Technology and Medical Sciences, Sehore. I feel honored and privileged to be part of an educational institution where everybody is a learner, and every day is an opportunity to learn and discover. The university has taken faculty of education as a mission to enlighten prospective teachers with new ideas. The university stands for academic excellence, good discipline, development of skills, and character formation.

The faculty members in our university are highly qualified, experienced and dedicated to providing quality teacher education to our students. We intend to keep working to help our future teachers to advance in their careers and achieve their goals.

SCHOOL OF MEDICAL SCIENCES

ABOUT

About the School of Medical Sciences

School of Medical Science is the one of the Premier institute running under the, Sri Satya Sai University of Technology & Medical Sciences, Sehore (M.P), started to lay much needed significance in the field of medical. It aims to provide an impeccable academic environment. We emphasis on exceptional employment prospects in view of our commitment to academic excellence. We provide practical scenario based learning with new pedagogy and well qualified faculties to adopt through provoking education that ignites change in our scholar, individuals and the world.

School of Medical Science offers a 5.5 year MBBS. Programme, It is an undergraduate program that focus on acquiring a deep understanding of medical with the help of the latest technology and research in medical science. The program is highly beneficial for the students seeking a career in medical practices, medical research, etc

At School of Medical Sciences, we are committed to providing compassionate, cutting-edge healthcare to our community. As a leading medical institution, we prioritize the well-being of our patients and strive for excellence in every aspect of healthcare delivery.

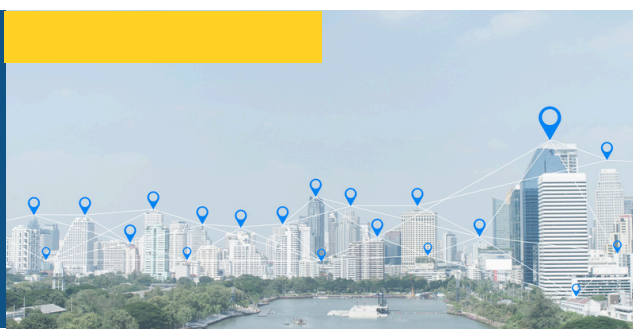

School of Medical Sciences housing 605 beds with separate residential quarters for teaching faculties, non-teaching staff and resident doctors, separate hostel for boys and girl students and for nursing staff.

VISION

“To be a world class school of Management Education focusing on excellence value and ethics”

MISSION

“To provide an effective learning and innovative environment for transforming management experience into professionally competent, sharp capable of adapting to the changing needs of the Industry and Society, value driven ethically sensitive reaching out to the weak & less privilege.”

MESSAGE FROM DEAN, SCHOOL OF MEDICAL SCIENCES

Prof. (Dr.) Piyudeo Mahant
Dean, School of Medical Sciences

"Dear Students, Faculty and Staff,

It is my honor and privilege to take on the role of the first Dean of School of Medical Sciences with LOP. We have 100 MBBS Seats who comes through NEET with 605 bedded Hospital and 200+ faculties. As we embark on this exciting journey, I am filled with a sense of pride, responsibility, and optimism.

Our medical college is committed to providing exceptional education, training, and research opportunities to our students. We aim to foster a culture of excellence, innovation, and compassion, preparing our graduates to become leaders in the field of Medicine.

As we begin this new chapter, I invite each of you to join me in shaping the future of our institution. Let us work together to create a vibrant academic community that values collaboration, creativity, and social responsibility.

Thank you for your enthusiasm, dedication, and trust. I look forward to working with each of you.

SCHOOL OF MANAGEMENT AND STUDIES

ABOUT

About the School of Management and Studies

The School of Management Studies at SSSUTMS is committed to providing students with an in-depth understanding of the knowledge and skills required to effectively manage organizations, lead teams, and make strategic decisions that drive business success. The programs are designed to build a strong foundation for individuals aspiring to take on leadership roles and excel in a dynamic and competitive business environment.

The management courses at SSSUTMS offer a comprehensive education in the principles and practices essential for effective business administration and leadership. These programs are tailored to enhance students' expertise in various aspects of management, including strategic planning, organizational behavior, finance, marketing, and human resources.

The School of Management offers undergraduate and postgraduate programs with industry-aligned specializations, empowering students to build successful and rewarding careers. With a focus on integrating innovation and entrepreneurship, the school boasts world-class infrastructure and a vibrant, dynamic faculty that inspires and educates aspiring managers, helping them unlock their potential and achieve excellence.

VISION

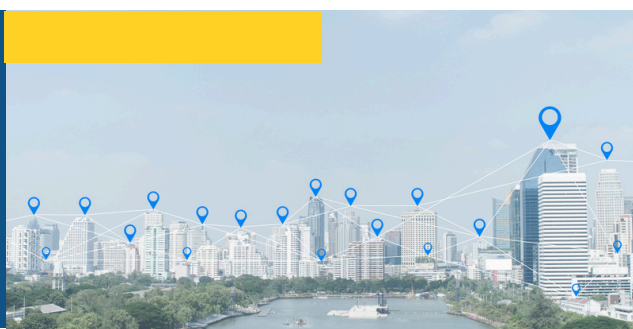

To deliver a transformative educational journey that equips students with exceptional medical knowledge, skills, and ethics. Our aim is to produce competent, compassionate physicians who excel in patient care, advance medical research, and uphold social responsibility.

MISSION

Comprehensive Training: To educate and mentor students in the knowledge, skills, and attitudes necessary to become globally competent physicians who effectively address the diverse healthcare needs of society.

Accessible Healthcare: To provide affordable, high-quality patient care, ensuring equitable healthcare access for all sections of society.

Research and Innovation: To foster a stimulating environment that inspires students to engage in groundbreaking medical research and undertake

MESSAGE FROM PRINCIPAL, SCHOOL OF MANAGEMENT STUDIES

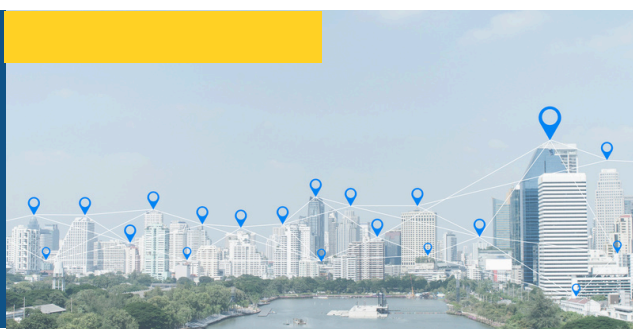

Dr. Rajesh Sharma
Principal, School of Management Studies

Management education in India is undergoing a transformative phase, driven by technological advancements and the need for adaptability in a post-pandemic world. The current business environment, marked by complexity and unpredictability, demands leaders who think creatively, act strategically, and possess the agility to navigate turbulent scenarios.

At Sri Satya Sai University of Technology & Medical Sciences (SSSUTMS), Sehore, we are committed to preparing students for these challenges. With a legacy of over eight years, SSSUTMS has established itself as a premier postgraduate center for management studies, approved by AICTE and UGC. Our emphasis on academic excellence, coupled with a proven record of national and international placements, underscores our dedication to crafting global business leaders.

The MBA program at SSSUTMS is designed to integrate business fundamentals with contemporary skills and practices. Our three-pronged strategy—Academic Excellence, Corporate Readiness, and Global Interface—ensures students are industry-ready. The curriculum combines theoretical knowledge with practical application, encouraging creativity, innovation, and leadership.

At SSSUTMS, we continuously strive to enhance teaching-learning practices, foster innovation, and stimulate curiosity. Join us to embark on a fulfilling journey of transformation and success, where you'll acquire the skills to lead and thrive in a dynamic global business environment.

SCHOOL OF AYURVEDA AND SIDDHA STUDIES

ABOUT

About the School of Ayurveda and Siddha Studies

Ayurveda is a Sanskrit term, made up of the words "ayus" and "veda." "Ayus" means life and "Veda" means knowledge or science. The term "ayurveda" thus means 'the knowledge of life' or 'the science of life'. According to the ancient Ayurvedic scholar Charaka, "ayu" comprises the mind, body, senses and the soul.

The origin of Ayurveda dates back to the Vedic era. Most material relating to the health and diseases are available in Atharva veda. Historians claim that Ayurveda is a part of Atharva Veda. However RigVeda which is the earliest Veda also mentions about diseases and medicinal plants. In Athrava veda there are hymns which mention about medicines like Accorus calamus and Phylanthus Embelia.

The systematized form of Ayurveda dates back to the prehistoric period of Rishi Conference which was held in the foot hills of Mount Himalaya. The earliest codified document on Ayurveda is Charaka Samhita. Sushruta samhita is another codified document. Sushruta tradition was said to be descended and propagated by Dhanvantari whereas Charaka tradition was descended through Atreya. Sushruta School is dominated by surgical procedures and techniques while Charaka Samhita deals with internal medicine.

VISION

To provide scientific and quality education of Ayurveda and Holistic Health Care to all the Society.

MISSION

- To be an excellent Ayurved education center.
- To provide high quality patient care through Ayurveda.
- To propagate health and well-being worldwide through Ayurveda.
- To focus on promotion of health and prevention of diseases by propagating Ayurveda.
- Providing expertise in Ayurveda to foreign countries interested to adopt Ayurveda for their health care needs.

SCHOOL OF NURSING

ABOUT

About the School of Nursing

The School of Nursing at Sri Satya Sai University of Technology & Medical Sciences, Sehore, established in 2019, is committed to delivering holistic nursing education and manpower development. Founded by the visionary Dr. Sunil Kapoor and guided by Hon'ble Chancellor Dr. Siddharth Kapoor and Vice-Chancellor Dr. Mukesh Tiwari, the institution strives for excellence in nursing education at national and international levels through professional development, quality education, and research.

The school offers a B.Sc. Nursing program with an intake of 80 students. Supported by experienced faculty, advanced infrastructure, and well-equipped laboratories, the institute integrates cognitive, affective, and psychomotor learning domains with technological advancements. Students are trained not only as caregivers but as confident professionals adept at using state-of-the-art equipment.

Emphasizing ethical conduct, holistic development, and co-curricular activities, the school prepares graduates for rewarding careers in modern healthcare. With strong placement opportunities, students are empowered for bright futures.

VISION

To prepare nurses who will work in the hospital and community with dedication, devotion, compassion and kindness.

To develop a Centre for Excellence in nursing which will provide Quality educational programs which are evidence based and encourages innovations to improve patient care. Every student nurse who passes out from this institute will be an epitome of nursing with adequate scientific knowledge and will be able to work at primary, secondary and tertiary levels of care within the country and abroad.

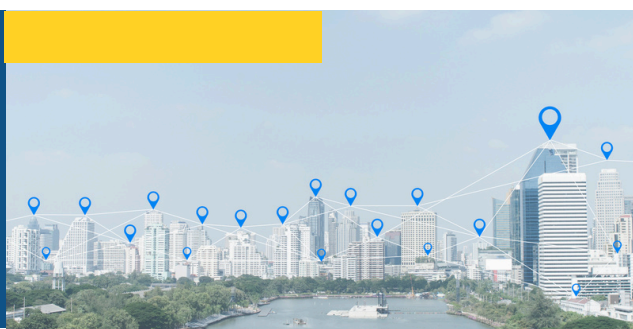

Develop a research cell where the ongoing researches will help to improve patient care and nursing education.

MISSION

The mission of school of Nursing is to provide Accessible, Affordable High Quality Education to diverse students for the development of nurse practitioners at all entries of practice. The mission will be accomplished through:

- Innovative Programs That Reflect The Needs And Current Trends In Health Care Of Neighboring Communities And The Wider Geographic Regions.
- Provision Of The State Of The Art Health Care And Serve As A Resource For The Surrounding And Global Communities.

Research That Advances The Scientific And Theoretical Foundations Of Nursing.

- The reservation of seats will be as per the latest Reservation Policy of the State Govt. revised from time to time.
- All the eligible candidates irrespective of their category shall be eligible for AIC seats.
- All eligible candidates deemed to be bonafide residents of Madhya Pradesh for Admission purpose irrespective of their category shall be eligible first for MPOGC seats.
- Candidates who have passed their qualifying examination from a University/ College/ School situated within the State of Madhya Pradesh, will be deemed Madhya Pradesh Residents and will not be required to submit certificate of Bonafide Resident of Madhya Pradesh
- The admission process for all Programmes will be held in Physical mode only. No request for attending counselling in online mode shall be entertained.
- The Provisional Merit List will be prepared category wise for all programmes. Accordingly, Seat Allocation list for all admissions will be displayed on the University website. No personal communication shall be carried out.
- The candidate(s) will have to deposit fees through online mode (Debit/ Credit card/ Net banking) only as per the dates mentioned in the counselling schedule. Accordingly, the Provisional Admission Letter shall be issued after the fee deposited by the candidate.
- If a candidate does not deposit the fee, then he/she will not be allowed to participate in the subsequent counselling. However, he/she will be allowed to participate in the subsequent cycles of counselling (if any) and also will be allowed to participate in "On the Spot Admission" counselling (date to be announced later on) on the availability of any vacant seat(s).
- If at any stage, it is found that the candidate has supplied incomplete and/or false and/or incorrect information, his/her candidature for the programme, if admitted, will be cancelled and he/she will be liable for disciplinary action as per the university rules and the fee deposited by him/her shall be forfeited.
- The seats remaining vacant in different categories after each cycle of counselling will be offered to the respective categories in the subsequent counselling. The schedule of the counselling(s), if any, will be announced later on and shall be published on University website.
- If any seat in BC (B) category remains vacant, the same will be filled up from BC (A) category and vice-versa after second counselling or after the candidate of a particular category is exhausted
- If any seat in SC category remains vacant, the same will be filled up from SC(D) and vice-versa after second counselling or after the candidates of a particular category is exhausted.
- The seats reserved for Economically Weaker Sections (EWS) candidates, if remaining vacant after the Physical counselling(s) will be first offered to the candidates of the EWS at the start of the physical counselling as per schedule notified, after being offered to the candidates of EWS if seats still remain unfilled after cutoff time as per schedule, the same will be converted into General Category of Madhya Pradesh as the case may be.
- Benefit of reservation will be given to all the reserved categories upto 3rd Merit List. In case reserved seats other than SC seats are vacant even after 3rd Merit List, then these vacant seats will be thrown open to Madhya Pradesh General Category. In case, the seats in Haryana General Category remain vacant at the end the same will be thrown to All India Open Category.
- Seats belonging to any reserved category will be converted to unreserved category as decided by the university in accordance with the rules of Government of Haryana. However, candidates belonging to respective reserved category fulfilling other eligibility conditions will also be considered on priority basis within the limits of time as decided by the University. In the event of seats remaining vacant/unfilled, if any, the same shall be filled up before final cut-off date of admissions without any reservation.
- Further, the Vice- Chancellor is authorized to add any instructions related to counselling for all the programmes.

FACILITIES

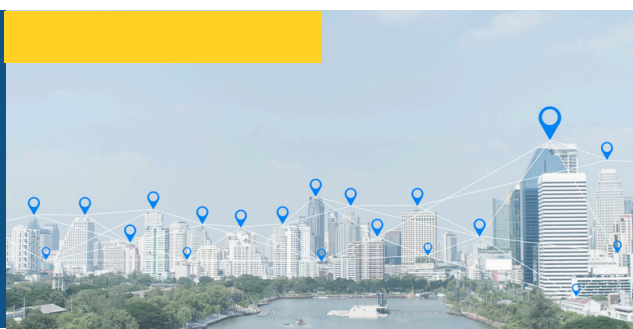

CLASS ROOMS

In order to achieve its ambition of being a world-class education provider, Sri Satya Sai University Of Technology And Medical Sciences is committed to significant enhancement of its facilities and buildings, essential for world-class research and all-round development of students. The University has an extremely modern and state-of-the-art infrastructure that goes a long way in facilitating a number of services for the students as well as the staff members.

ICT ROOMS

The ICT (Information and Communication Technology) Room at SSSUTMS University is a state-of-the-art facility designed to foster digital learning and technological excellence. Equipped with high-speed internet, advanced computing systems, and cutting-edge software, the room provides a dynamic environment for students and faculty to engage in research, innovation, and collaborative projects. The ICT Room supports various academic activities, including online learning, virtual labs, coding, and data analysis. With a focus on enhancing digital proficiency, the facility ensures seamless integration of technology into education, preparing students for the challenges of the modern, tech-driven world.

FACILITIES

LIBRARY

In our university we have one central library and eighteen constituents Institutes Library. All constituents Institutes have their library having extensive range of Reference books, textbooks, International & national journals. All libraries are digital with large number of e-journal subscriptions for the benefit of students.

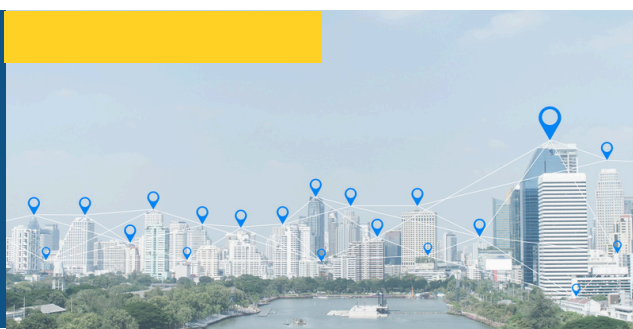

MEDICAL FACILITIES !

A healthy body makes for a healthy mind. In order to ensure your well-being, Sri Satya Sai University of Technology & Medical Sciences has tie-ups with renowned hospitals to take care of any kind of emergency. GYM

The university offers a state-of-the-art gym facility equipped with modern fitness equipment, providing students and staff a space to stay active, healthy, and energized. Certified trainers ensure safe workouts, promoting physical fitness and overall well-being.

TRAINING & PLACEMENT CELL

TURNING YOUR CAREER DREAMS INTO FULFILLED REALITIES

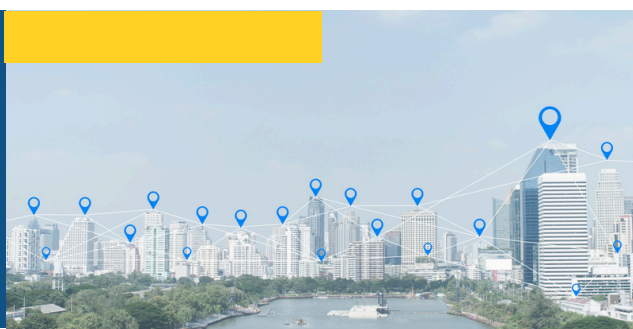

The Training & Placement Office at Sri Satya Sai University, Sehore, plays a pivotal role in shaping the careers of its students by facilitating their placements and professional development. It serves as a vital link between the university, leading organizations, and institutes to establish internship and training programs that equip students with real-world experience.

The office collaborates with various industrial establishments and corporate houses to organize campus interviews for students across all disciplines, both undergraduate and postgraduate. It provides state-of-the-art infrastructure to support the recruitment process, including facilities for group discussions, aptitude tests, and interviews, ensuring seamless interaction between students and potential employers.

Industry Engagement

Each year, the Training & Placement Office interacts with numerous industries across India, with nearly 200 companies visiting the campus to recruit talent. The organizations that approach the university for placements span diverse sectors, including:

- Core Engineering Industries
- IT & IT-Enabled Services
- Manufacturing Industries
- Consultancy Firms
- Finance Companies
- Banking Sector
- Management Organizations
- Research & Development Laboratories
- Pharmaceutical Companies

TRAINING & PLACEMENT CELL

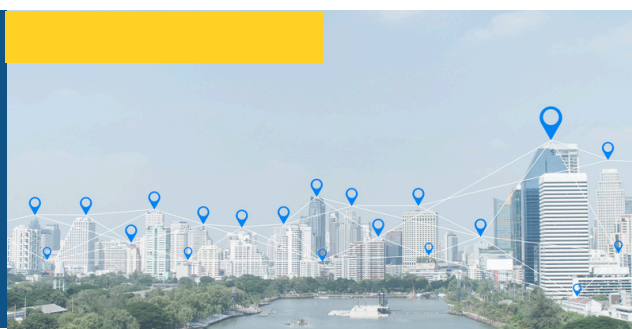

Pre-Placement Talks and Recruitment Process

To ensure mutual understanding and preparedness, Pre-Placement Talks (PPTs) are organized, allowing companies to share insights about their work culture, expectations, and job roles. The office coordinates the entire recruitment process, from announcing job offers and scheduling interviews to managing candidate selections.

Student Involvement

The Training & Placement Office is supported by a dedicated committee comprising student representatives from various undergraduate and postgraduate programs. This committee actively participates in shaping the annual placement policy framework and implementing it effectively. By involving students in the decision-making process, the office ensures a collaborative approach to meeting placement objectives.

The Training & Placement Office at Sri Satya Sai University remains committed to providing students with the tools and opportunities they need to excel in their careers and become industry-ready professionals.

MESSAGE FROM TRAINING & PLACEMENT OFFICER

Dr Rashmi Dwivedi

Training & Placement Officer

"Believe in yourself! Have faith in your abilities! A humble but reasonable confidence in your own powers can make you a successful person."

Welcome to the Training and Placement Cell

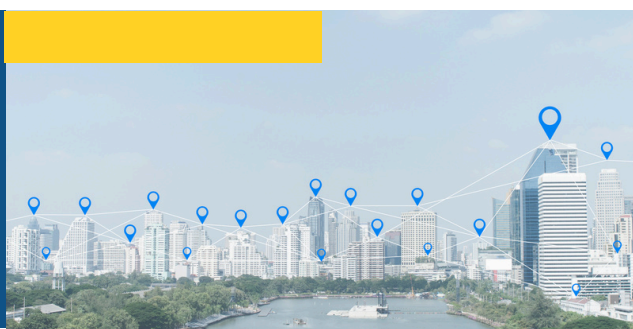

The Training and Placement Cell (TPC) at SSSUTMS University is dedicated to bridging the gap between academic learning and professional success. Our primary goal is to support students in their journey from education to employment, ensuring they are well-prepared to enter the job market with confidence and competence. The Training and Placement Cell at SSSUTMS plays a crucial role and is a key department within the Institute, serving as the backbone of student career development. The employment of students is our primary focus.

A well-organized Placement Cell operates at SSSUTMS, led by a dedicated full-time Placement Officer who actively monitors employment opportunities and arranges campus recruitment drives for students.

The Placement Officer maintains consistent communication with various companies to facilitate the placement process. The Placement Cell provides the necessary infrastructure for conducting group discussions, tests, and interviews.

The Placement Office acts as a bridge between job aspirants and prospective employers, ensuring a smooth placement process.

SSSUTMS has signed three MOUs with industries under the Campus Connect initiative and plans to sign more. These MOUs aim to enhance the quality of students in both technical and soft skills, ensuring they are well-prepared and highly employable.

INDUSTRY ACADEMIA PARTNERSHIP

BRIDGING THE GAP BETWEEN INDUSTRY AND ACADEMIA

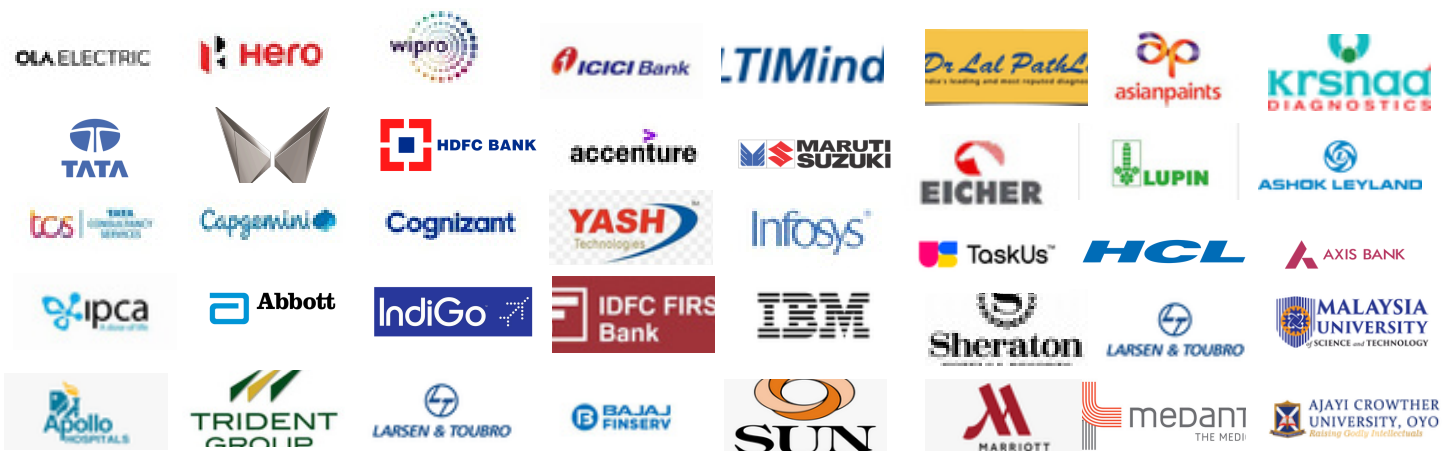

At our university, we are committed to preparing students to thrive in the dynamic professional world by bridging the gap between industry and academia. Through an extensive range of learning opportunities delivered by industry experts, we ensure that our students gain the specialist knowledge and practical skills required to succeed in their chosen fields.

Our well-established and comprehensive platforms foster strong industry partnerships, enabling cutting-edge research, innovation, and professional growth. These collaborations provide students with real-world insights, exposure to current industry practices, and access to state-of-the-art technologies and methodologies.

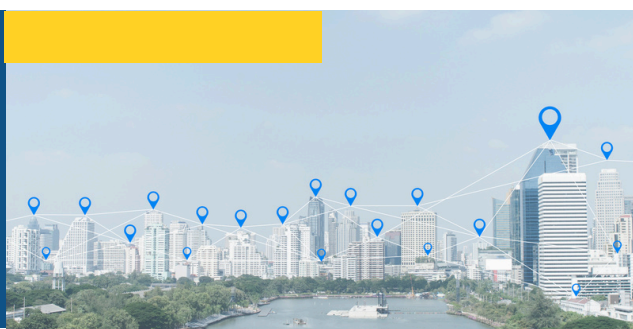

By integrating academic rigor with hands-on experience, we empower our students to become industry-ready professionals who are not only technically adept but also equipped with problem-solving skills, leadership qualities, and a global perspective. Our graduates emerge as invaluable assets to the organizations they join, leaving a lasting impact on the global market and advancing their industries.

This mission reflects our commitment to shaping future-ready leaders who are prepared to navigate and excel in an ever-evolving world.
